

Curriculum Progression Map 2021

PE EYFS

There are four guiding principles which should shape practice in the early years;

1. Every child is a **unique child**, who is constantly learning and can be resilient, capable, confident and self-assured
2. Children learn to be strong and independent through **positive relationships**
3. Children learn and develop well in **enabling environments with teaching and support from adults**, who respond to their individual interests and needs and help them to build their learning over time. Children benefit from a strong partnership between practitioners and parents and/or carers.
4. Importance of **learning and development**. Children develop and learn at different rates.

Within our early year settings, we aim to guide the development of children's capabilities with a view to ensure children in our care complete the EYFS ready to benefit fully from the opportunities ahead of them. We promote the learning and development of all children in our care to ensure they are ready for year 1.
