

# Internet Safety Newsletter

Summer Term 1 2023

**Welcome** to our internet safety newsletter, in which we aim to provide parents with useful information to help to keep children safe on the internet.

## Tackling cyber bullying

This half term has been the turn of years 4 and 5 to learn about online safety and cyber bullying during an assembly with PC Paul.

Other year groups have been learning about a variety of online safety topics, including password security, keeping personal information safe, healthy amounts of screen time and online communication and collaboration.

## Digital Leaders

Our Y6 Digital Leaders continue to work hard in school. They have made suggestions about internet safety and are concerned about children receiving spam messages. Here is some advice on dealing with spam messages:

<https://www.ncsc.gov.uk/collection/phishing-scams/report-scam-text-message>

## Online Safety Talk

Watch this Parents Protect video on what to talk to your children about regarding online safety.

<https://www.parentsprotect.co.uk/internet-safety.htm>

## An internet safety story for younger children:

A story for younger children: Digi Duck's Famous Friend
